Christmas Day, New Year's day, Good Friday, and the Queen's Birthday.

* From 1st January, 1869, this Department was transferred to the Indian Government.

All that the sender writes in his message to be transmitted, is included in the cost. The name of the Telegraph Station from whence it is despatched is added free by the Department, and need not be written by the sender.

Peons will deliver messages free of charge at any place within 5 miles of the Telegraph Station.—Beyond this distance, messages will be sent by post registered, if stated so by the sender (the fee being prepaid), or by such other means as the sender may arrange, and pay for at the Booking Station, postage being free.

The sender of any message has the power of registering it.

The charge for registering is equal to the charge for the message.

When a message is registered, the delivering station transmits by Telegraph to the sender, an integral reproduction of the copy sent to the receiver, followed by a double notice of the exact time of delivery, and of the person to whom it was delivered.

The sender of a registered message can have the return message addressed to him at any Station, by giving the necessary instructions, as also when prepaying a reply.

The words necessary to convey these instructions will be considered as part of the message, and charged for accordingly.

No refund will be made for a message delivered wholly or partially in an unintelligible state, unless it be registered; but the public are invited to submit complaints to the Check Office, Calcutta.

If a registered message be delayed or mutilated to such an extent as to be manifestly unable to fulfil its object, the whole charge made for it will be returned to the sender.

The sender and receiver of a message have a right to be furnished with certified true copies of the messages sent or received by them: a fixed charge of four annas is made for every copy furnished.

All Offices will be closed to the public between the hours of 8 and 16 on Sunday, Christmas Day, New Year's Day, Good Friday, and the Queen's Birthday.

In cases of life and death, or of extraordinary political emergency, a message, countersigned by the Chief Civil Authority at a Station, or by any of the authorities empowered to "clear the line," can be sent from any office at any time.

INTEREST.

On all debts due to Government - 9 per cent. per annum.
 On Suitors' money and Intestate Estates - one-third of the Interest collected by the Loan Board.
 On amounts belonging to the Weeskamer and Boedelkamer funds - 7 per cent. per annum.
 On Investments in India Government Security from which a sum of £13,259 is derived annually at 5½ per cent. per annum on stock.

CUSTOMS.

These duties are collected under and agreeably to the directions of the Ordinance No. 18 of 1852, by which all former laws relating to Customs are repealed, consolidated, and amended, as also under the Ordinances No. 9 of 1853, and No. 14 of 1857, and under the Ordinance No. 2 of 1856, by which a Duty is imposed on Exports, to provide additional means in aid of the General Revenue, to pay expenses connected with the pro-

posed Railway between Colombo and Kandy. The Ordinances No. 2 of 1859, and No. 3 of 1862, authorize the exemption of certain articles of Machinery, and Paper, from duty. Warehouse Rent charged upon goods placed in the Queen's Warehouses is levied by Governor's Minute of the 22nd June 1853, under authority of the 72nd Clause of the Ordinance No. 18 of 1852.

PORT AND HARBOUR DUES.

Port Dues are levied under the Ordinance No. 18 of 1852. The rates are two pence per ton inwards, and two pence per ton outwards on loaded Vessels,—but no Vessel is liable to more than £5 on any one voyage, whatever may be the tonnage of the Vessel. Under this head are also brought to account receipts for the hire of Government Boats and Moorings, and half pilotage fees recovered under the Ordinance No. 6 of 1865.

LAND SALES.

Under this head are included the Receipts derived from the Sale of Crown Lands and Cinnamon Gardens, under the Rules laid down in the Minutes of the Governor of the 14th January, 1857, and 1st August, 1861, and the half improved value of land under the provisions of the Ordinance No. 12 of 1840, also the sale of Paddy Lands in the Irrigation Districts, under the Minutes of 27th February, 1857, and 21st May, 1868, and Grants of land under the Minute of 8th August 1844.

LAND REVENUE.

Tax on Paddy.

The Receipts classed under this head are derived from the Tax of one-half, one-fourth, one-fifth, one-tenth, one-eleventh, one-fourteenth, or one-twentieth of the produce.

The Tax is levied on the authority of immemorial usage, and is particularly recognized by the Proclamations of the 3rd September 1801, the 22nd April 1803, and the 21st November 1818, and the Ordinance No. 14 of 1840, and No. 29 of 1865.

In the Central Province this Tax was, till 1826, levied by an Annual Assessment of the Crop of each harvest, and was chiefly collected in kind. In the Districts adjacent to the Town of Kandy, the Assessment was then commuted with the consent of the proprietors, for the annual payment of a given quantity of Grain, which arrangement continued in force till the end of 1830, when that system was further extended by giving the proprietors the option of paying the Assessment, either at a fixed rate of money, or in kind, and even of redeeming the Tax in perpetuity by payment of the Assessment for 20 years. In 1832, the first settlement having expired, a renewal of the Commutation Assessment was entered into throughout the former commuted Districts.

The Commutation System is also in full operation in some Districts of the Western Province. In the North-Western and Southern Provinces the Renting system alone is adopted. In the Northern Province the average of the Renting and Commuting systems is nearly equal. In the Eastern Province both systems prevail.

Tax on Fine Grain.

Recognized by the Proclamations of the 3rd September 1801, and the 22nd April 1803, (which impose generally a Tax of one-tenth on the produce of all high lands, viz. of lands not adapted to the cultivation of Paddy,) and recognised by the Ordinances No. 14 of 1840 and 29 of 1865. In the Western Province this tax is levied in the old Kandian Divisions only according to the tenure on which lands are held, or according to the ancient usages and customs of the country. The proceeds sale of illicit cultivation of fine grain on Crown land are also brought to account under this head.

In the Northern Province the rate of Tax is one-fifth for jungle cultivation, and one-tenth for all the others. In the Kandyan Territories, Fine grain is exempted from Taxation under the Proclamation of 21st November 1818.

Rent of Gardens.

This Revenue is derived from the produce of Government Gardens either rented or collected in aumany, (that is in kind.) In the Central Province the Rents derived from small Crown Lands and on reserved Crown Lands on sides of Public Roads which are permitted to be cultivated are also brought to account under this head.

Tithes Redeemed.

A measure adopted in 1813, by Government, under the conviction that proprietors of Paddy lands would cultivate them more carefully and with greater advantage to the public, if subjected to one-tenth only, instead of the one-half or one-fourth. The redemption is effected by the owner paying the estimated value of the proportion of Tax for eight or ten years at one payment. The cases of redemption of this nature are however few in number, and the permission to redeem the Tax altogether, which was at one time granted on the application of the owner, has been suspended.

Rent of Lands.

The Receipts under this head are collected from the Rental of Government Land, leased at will, and a fixed rate per acre on Government Lands encroached upon by private parties.

*Royalty on Plumbago and Cabook Stones.**

A Royalty at the rate of 16 shillings is charged for every ton of Plumbago dug from Crown lands in certain Koralés in the Western Province; and a payment of 7s. 6d. is levied on every 1,000 Cabook Stones cut from the Government pits in the Districts of Colombo and Negombo.—In the Southern Province the Royalty on Plumbago is 1-10th on the ascertained value of the article.

* From 1st March 1869, the Royalty on Plumbago was fixed at 20 shillings per ton, and for the execution of each Lease 1s. 6d.

RENTS EXCLUSIVE OF LANDS.

This head embraces the amount for which the Government farms out the privilege of collecting the Tolls leviable at the different Roads, Bridges, Ferries, and Canals, and the Lock at St. Sebastian, under the Ordinance No. 14 of 1867 and 4 of 1868.*

It also includes the Rental paid by public Officers for the occupancy of official residences, and also Rent of Buildings used as Markets, Coal Sheds, Ice Stores, &c.

LICENSES.

Arrack, Rum, and Toddy.

Tax on the consumption of Arrack, Rum and Toddy, or the exclusive privilege of retailing Arrack, Rum, and Toddy, generally farmed in the several Provinces,—recognized by the Ordinance No. 10 of 1844.

Duty on Arrack and Rum Stills.

Under this head are brought to account sums received for Licenses issued to Distillers of, and wholesale Dealers in Arrack and Rum, under the Ordinance No. 10 of 1844. The License is granted by the Government Agents on the payment of the sum of £3, and is in force from the date of such grant until the end of the year.

Licenses to retail Wines and Spirits.

These Licenses are issued for the retail of Wines and Spirits with the exception of Arrack and Rum, for consumption on the premises, under the Ordinance No. 10 of 1844. The License is granted by the Government Agents on the payment of the sum of £2, and is in force from the date of such grant until the end of the year. The collection under this head within Towns has been transferred to the Municipalities created under the Ordinance No. 17 of 1865.

Chanks.

Under this head are brought to account sums received in consideration of permission granted to individuals to dig for dead Chanks in Crown lands, being equivalent to one-fifth of the value of the shells procured. This branch of Revenue which is peculiar to the Northern Province, is protected by the Ordinance No. 4 of 1842.

Chank Fishery.

Under this head are brought to account sums received for permission granted for the employment of Boats and Divers in the Chank Fishery. The Ordinance No. 5 of 1842 provides that no Fishery shall take place but by permission of Government, and the Government has made Rules for the granting of such permission on payment of these fees.

The head "Licenses," also embraces receipts from the following Taxes, &c.:—

- † 6s. per annum on all Carts, Carriages, Boats, &c., licensed to carry goods or passengers for hire, under the Ordinances Nos. 6 and 14 of 1865.
- † £1 per annum for Licenses under the Ordinance No. 7 of 1848, on all Carriages let to hire by the job, in the Towns of Colombo, Galle, Trincomalee, Jaffna, and Kandy.

- † £1 and £3 per annum, respectively, for possessing or for selling Opium and Bang, under the Ordinance No. 19 of 1867.

STAMPS.

Amount of Stamps for certificates of admission of persons to act as Advocates and Proctors, levied under Ordinance No. 12 of 1848.

Proceeds of Stamps in Judicial Process and for general purposes, in the Cutcheries, District Courts, and Courts of Requests, and by licensed Vendors throughout the Island, under the provisions of the Ordinance No. 11 of 1861, and No. 9 of 1865 and 4 and 10 of 1867.

Proceeds of Postage Stamps sold, are also accounted for under this head under the Ordinance No. 27 of 1865.

Composition for Stamp Duty on Bank Notes in circulation.—Recognized by Ordinance No. 2 of 1861. Stamp duties levied under the Land Registration Ordinances No. 8 of 1863 and No. 3 of 1865, and fees for enrolling Grants of Crown Lands are also brought to credit under this Head.

TAXES.*

Under this head is brought to account an Assessment Tax of 5 per cent. on the annual value of all landed property, within the Towns, Forts, and Gravets of Colombo and Galle, of the Towns and Gravets of Jaffna, Negombo, Kandy, Kurunégala and Trincomalee, and of the Towns of Pánaduré, Kalutara, Ratnapura, Kotté, Moatuwa, Mátara, Mátalé, Badulla, Nuwara Eliya, Gampola, and Ginigathena, for the purpose of providing a fund for the maintenance and keeping of a Police Force. HIS EXCELLENCY is also pleased, on the recommendation of the Superintendent of Wrecks, to approve of the following Regulations for the guidance of Receivers:—

1.—*Receivers will bear in mind, that the principal object of the Ordinance No. 5 of 1861, and of their appointment thereunder, is,*

1st, The rendering of assistance.

2nd, The protection and preservation of wrecked property, and the restoration thereof to the owners.

3rd, The protection of the Customs Revenue.

4th, The settlement of Salvage claims.

The provisions of clauses 3, 7, 8, 14, 16, 17, 21 to 27, and 31 to 32, give them full powers to carry out these objects.

2.—*Inquiries into Wrecks and Casualties at Sea, Clause 3; Ships in distress, Clause 14.*

In making these inquiries the officer will remember that he is exercising a highly important function, and that his report may be the foundation of proceedings deeply affecting the interests of individuals; he must therefore most carefully endeavour to arrive at the truth, and should especially direct his attention, whether the casualty happened from avoidable or unavoidable causes,—particularly as to the

- (a) Unseaworthiness or insufficient equipment of the Ship.
- (b) Insufficient or improper manning.
- (c) Improper loading, overloading, bad stowage.
- (d) Misconduct, incompetency, or neglect of Master, officer, or crew.
- (e) Ignorance of lights, or navigation of the Coast.
- (f) Neglect of heaving the lead.

3.—*Custody of wrecked property, Clauses 9, 16, 17, and 18.*

Clause 9.—This clause refers to property recovered from a ship wrecked or in distress at the time of wreck or casualty, and the object of its provision is to secure the property in the confusion which attends a shipwreck; to protect the Customs' Revenue; to provide for payment of fees, expenses, and salvage claims. But if the Master, or if the owner, or any duly appointed Agent of Owner or Master is in possession, and is able to take and keep custody of the property, and if all claims are paid or provided for by proper security, the Receiver need not take possession or detain the property, but he will offer his services, and render such assistance as may be required.

Clauses 16 and 17 refer to Wreck saved or taken possession of at any other time.

Clause 18.—This notice should be given when the Wreck in custody exceeds the value of £5, and the particulars of all articles taken possession of by the Receiver, will be entered in the Report Book No. 1, per form annexed.

4.—*Wreck arrested by order of Court of Law.*

When a derelict ship in the custody of a Receiver, or other wrecked property detained by the Receiver for the payment of salvage, is arrested by virtue of a Warrant or other instrument of Court, the Receiver should not give up the claims to Fees and to any expenses he may have incurred, but should send a copy of his account to the person taking such charge, giving notice of his lien, and that the property must not be restored until the amount of his claims be paid. A copy of the account and notice should also be forwarded to the Registrar or Secretary of the Court issuing the Warrant; and in the event of property being restored without payment of Receiver's claims, he should report the circumstances to the Superintendent of Wrecks, and should resume possession of the property until his claims are satisfied.

5.—*Sale of Wreck Property, Clauses 19, 27, and 28.*

Clause 19 provides for the disposal of Wreck of small value, either derelict, flotsam or jetsam, so constantly found on the Coasts of this Island; and should the Receiver find it necessary to sell property under the provisions of clause 27, he will, if the property be claimed, endeavour, in doing so, if possible, to act in concert with the owners and insurers.

All sales of importance and value should be advertized in the *Gazette* and local papers; and notice of intended sale affixed at the Custom House of the Port. The account of Wreck sold is to be made in form No. 3 (annexed.)

6.—*Salvage, Clauses 21 to 26.*

The decisions of questions as to Salvage, if the parties cannot agree, must be determined by the Court having jurisdiction in that behalf; but the Receiver has important duties in endeavouring to settle salvage claims amicably, in providing for what may be due by detaining the property saved; in releasing the property on proper security being given; in selling the property when necessary to satisfy the claim of Salvors; and in apportioning money paid in satisfaction of such claims; and the Receiver will recollect that whilst providing for the claims of bona fide Salvors, he must, as far as he can, protect property against vexatious and improper claims.

The essentials of Salvage Service are,—

- (a) The degree of danger from which the lives or property are rescued.
- (b) The value of the property saved.
- (c) The risk incurred by the Salvors.
- (d) The value of any property by the use of which the services are rendered, and the danger it was exposed to.
- (e) The skill shewn in rendering the service.
- (f) The time and labour occupied.

The Salvage should be in proportion to the use of these essentials; but where scarcely any, or only the last exist, and the same is little more than mere work or labour, it should be rewarded accordingly.

The amount of reward should not however increase in direct proportion to the value of the property; and as a general rule it may be borne in mind, that the Courts of Admiralty, very seldom, if ever, give more than one half the value of the property saved.

7.—*With a view to encourage Salvors and finders of unclaimed Wreck and drift goods sold and taken charge of by Receivers under provisions of Clauses 19 and 28, the following rewards may be given, viz.:—*

Upon the net value of property of £2 10s. or under (Two-thirds.)	-	$\frac{2}{3}$
When it exceeds £2 10s. and under £5 (One half)	-	$\frac{1}{2}$
When of £5 and above (One third.)	-	$\frac{1}{3}$

8.—*Delivery of Property to Owners.*

On payment of all sums due for salvage, duties, fees, and expenses, the Receiver will deliver up all property which comes into his possession or custody, and the proceeds of such parts of it as may have been sold, to any person who proves himself to the satisfaction of the Receiver to be the owner of such property, or agent duly appointed by him, taking receipts for the same. The Owner of the Ship being responsible for the cargo, and the Master of the Ship having, as the servant of the owner, the legal custody thereof, the Receiver will treat the Master when present, as the agent of the owner, not only of the Ship, but also of the cargo; unless and until it is clearly proved, that the owners of either have put an end to such agency.

9.—*Accounts and Returns.*

The Receiver will keep a Report Book according to form No. 1, in which he will enter the particulars of every description of article taken into his custody. The reference numbers are to commence with No. 1 on 1st January of each year.

The reporting of goods taken possession of for the Receiver should be made according to form No. 2, and the sale account per form No. 3.

The Quarterly Returns, as per form No. 4, are to be forwarded through the Superintendent of Wrecks; and the net proceeds of all Wreck the property of Government as unclaimed, is to be paid into the General Treasury, quarterly; the Treasurer being required to receive such monies on account of Wrecks.

Colonial Secretary's Office,
Colombo, 6th February, 1862.

By His Excellency's Command,
W. C. GIBSON,
Colonial Secretary.

REMARKS 1868.

- No. 1. **ARREARS OF REVENUE.**—The increase under this head is attributable to there having been a large balance outstanding at the end of the year, on account of Rented Revenue which was recovered in 1868.—The increase was chiefly in the Southern and Central Provinces.
- „ 2. **CUSTOMS.**—A decrease at the Port of Colombo of upwards of £4,000 on Cotton Manufacture and of nearly £7,000 on Grain, together with smaller amounts on other articles will account for the decrease on Imports, &c.
There has been a large increase in the exportation of Arrack, Cinnamon, Coir Fibre, and Plumbago, and a slight increase in the other staple products of the Island which will explain the increase of £5,799 11s. 9d. under the head “Exports.”
- „ 3. **PORT AND HARBOUR DUES.**—The decrease in “Port clearances” is so small that it hardly calls for explanation.
The increase under the heads “Boats and Moorings” and “Pilotage” is owing to a larger numbers of vessels having entered in and passed out of Harbour both at the Ports of Galle and Colombo.
- „ 4. **LAND SALES.**—The decrease under the head “Waste Lands” is owing to the small quantity of Lands sold in the Western, Southern, and Eastern Provinces, although in the Central Province there is an increase of £5,376 by the sale of large tracts of land adapted for Coffee Cultivation.
The increase under the head “Cinnamon Lands” is owing to a larger numbers of Building Allotments having been sold in 1868 than in the previous year.
- „ 5. **LAND REVENUE.**—The decrease in “Paddy” and “Fine Grain” is attributable to the less productive harvests of the year. In some Provinces the unusual and long continued drought caused a failure of the crops.
The increase in the “Royalty on Plumbago” is the result of a more extensive trade caused by the high prices realized for the Article by the speculators. The quantity export in 1868 exceeded Cwts. 140,000.
- „ 6. **RENTS, EXCLUSIVE OF LANDS.**—The decrease under this head is owing to the diversion of a considerable portion of the Traffic from the Kandy road to the Railway.
The transfer to the Galle Municipality in 1868 of certain Tolls within the Gravets of that Town is another cause of the decrease.
- „ 7. **LICENSES.**—The decrease under this head is principally in the Western and Central Provinces, and is consequent on the reduced consumption of Arrack along the line of the Railway, caused by the cessation of Railway Works and the withdrawal of Traffic from the Kandy road.
The increase of £3,864 in the Retail of Salt is only apparent, the rent of the Jaffna District for 1867 having been collected in aumany.
- „ 8. **STAMPS.**—No specific cause can be assigned for the decrease in Judicial and Blank Stamps, but the Government Agent for the Central Province attributes the decrease to “depression of the money market, and dulness of trade”
The increase under the head of Postage Stamps is consequent on the increase of correspondence in the Island.
- „ 9. **TAXES.**—This increase is chiefly in the Central Province and it is attributed to the collections being made with greater punctuality and activity.
- „ 10. **POSTAGE.**—This increase is owing to the collections of 1867 having been paid in 1868.
- „ 11. **FINES.**—This decrease may be attributed to the fact that a large amount of the fines levied at Colombo, Kandy, and Galle are payable to the Municipal Councils of those towns.
- „ 12. **SALE OF GOVERNMENT PROPERTY.**—For the cause of the decrease in Salt, vide remarks on item No. 7 under the head “Retail of Salt”. In addition to other causes it may be partly attributed to the importation of a large amount of Salt (6,277 Cwts.) from British India in July and August, 1868.
The increase under the head “Colonial Stores” is attributable to the Railway Department paying for the stores drawn from the Colonial Store.
The increase on “Timber” is owing to very large quantities of Timber having been cut by traders, for removal to the continent of India.
The increase on “Unserviceable Stores” is mainly owing to the sale of the “Steamer Pearl.”
- „ 13. **RATION STOPPAGES.**—No recoveries were made in 1868 under this head owing to the transfer of the Provision Department of the Commissariat to the Military authorities.
- No. 14. **ELECTRIC TELEGRAPH.**—This increase is owing to the fact that a portion of collections made by the Indian Government on Island messages having been brought to credit in 1868.
- „ 15. **REIMBURSEMENTS.**—The decrease under the head Survey fee is in consequence of the smaller quantities of land sold in 1868.
The increase under the head School fees is attributed to an increase in the number of schools and pupils.
The Revenue under the other heads is of a fluctuating nature.
- „ 16. **INTEREST.**—The decrease under this head is owing to the receipt in 1867 of a sum of £4,700 being Interest recovered on Indian Government Investments.

- „ 17. MISCELLANEOUS.—The increase of £16,100 is the recovery made under the 5th clause of the Ordinance No. 12 of 1867, for deficiency of troops, the number having fallen below the Establishment, upon which the amount of contribution was estimated. The other items speak for themselves, the increase or decrease being casual.
- „ 18. PEARL FISHERY.—This small decrease calls for no explanation.
- „ 19. GOVERNMENT VESSELS.—The Steamer “Pearl” was sold in 1866. The receipt of £650 is the amount recovered from the Assignees of the Insolvent Estate of the Agents of the Steamer, being earning of that vessel for previous years.
- „ 20. SPECIAL RECEIPTS.—These items are fluctuating and too small to call for any remarks.

Actg. Auditor General.

PENSIONS AND RETIRED ALLOWANCES.—Increase £1,533 17s. 4$\frac{3}{4}$d.					
This increase is attributable to the retirement of a greater number of public Servants in 1868.					
REVENUE SERVICE.—Decrease £6,599 13s. 7d.					
This decrease is attributable to a large accumulation of Salt during the last two years in the North Western Province, which reduced the expenditure for "Manufacturing, Collecting, and Storing Salt" in 1868.					
In the Southern Province there was also a reduction under the head "Watching and Removing Salt."					
ADMINISTRATION OF JUSTICE.—Decrease £1,074 12s. 10$\frac{1}{2}$d.					
This decrease is principally owing to a smaller expenditure in 1868, on account of circuit expenses of the Supreme Court.					
CHARITABLE ALLOWANCE.—£178, Education £113, Hospitals £6.					
The small increases under these heads hardly call for any remark.					
POLICE AND GAOLS.—Increase £2,357 17s. 4$\frac{1}{2}$d.					
The increase under this head is principally owing to the claims of the Indian Government on account of convicts at Malacca.					
TRANSPORT.—Increase £718 13s. 6$\frac{1}{2}$d.					
This increase is principally in the department of the Director of Public Works and the Post Master General.					
There is also an expenditure of £222, under the Head Inspector General of Prisons which did not occur in 1867.					
CONVEYANCE OF MAILS.—Increase £1,108 4s. 6$\frac{3}{4}$d.					
This increase is principally owing to the payments made for the Postal communication from Colombo to Kandy.					
WORKS AND BUILDINGS.—The apparent increase under this head is owing to the fact, that although in 1867 large sums were voted for building new Hospitals, new Jails, &c., a very small expenditure was incurred in that year.					
In 1868 nearly £3,300, was expended for the improvement of the Government Factory, for building a Powder Magazine, and for the new Printing Office.					
ROADS, STREETS AND BRIDGES.—The increase under this head chiefly consists of the following items.					
Road from Mavarella to Rambokan Railway Station.....				£18,325	0 0
For erecting an Iron Lattice Bridge at Matara.....				5,728	0 0
				£24,053	0 0
MISCELLANEOUS.—Decrease £24,718 19s. 9$\frac{1}{2}$d.					
This decrease is mainly attributable to the reduced expenditure by the Surveyor General on account of the Survey of Temple Lands.					
COLONIAL STORE.—Increase £5,909.					
This increase occurs as follows.					
Increased expenditure in London under this head.....				£19,085	0 0
do. do. India.....				2,152	0 0
				£21,237	0 0
Deduct reduced expenditure in the Colony.....				15,328	0 0
				Increase	£5,909 0 0
CONTRIBUTION TOWARDS MILITARY EXPENDITURE.—Increase £30,000.					
This increase is owing to the larger amount of annual contribution, which the Colony has to pay under the provisions of the Ordinance No. 12 of 1867.					

COLONIAL PAY AND ALLOWANCES.—Decrease £3,731.

The decrease is attributable to the Colony having paid under this head in 1868, only the charges of the Aid-de-camp to the Governor, the cost of the Mounted Orderlies, and the remission of duty on Beer, &c., consumed by the Troops.

REFUND OF DUTIES.—Decrease £999 1s. 7d.

The increase or decrease under this head is dependent on the amount refunded in each year on account of Revenue payments, such as stamps rendered useless, Assessment Tax, Remissions, Customs' duties, and drawbacks.

LANDS TAKEN FOR PUBLIC PURPOSES.—Decrease £502.

This decrease is attributable to a smaller extent of land being required for public purposes in 1868, as compared with 1867.

IMMIGRATION.—£478.

This decrease is principally owing to the increased expenditure in 1867, for the erection of temporary buildings, as Hospitals, &c.

ELECTRIC TELEGRAPH.—The increase in 1867 as compared with 1868, is attributable to the extension of the Telegraph line to Nuwara Eliya, and for placing the whole of the Telegraph line in efficient order.**RAILWAY LIABILITIES.**—In consequence of a larger amount of export Duty having been recovered in 1868, than in the previous year.

REMARKS.

- The duties of the Queen's Advocate are, in many respects, analogous to those of the Attorney General in England, though in other there seems to be a close resemblance to the office of Lord Advocate in Scotland. The Queen's Advocate acts on all occasions as the Legal adviser of the Government. The Legislative Enactments of the Government are prepared by him. All Contracts and Deeds entered into by or made in favour of the Government are submitted to him for his opinion; and executed under his directions. He also acts, after the manner of the Lord Advocate in Scotland, as Grand Juror and Public Prosecutor. He instructs Magistrates in Criminal proceedings and all informations in the Supreme and District Courts are in his name and prepared under his superintendence. He appears for the Crown in all Civil cases in which it is interested.
- Act as amanuenses in copying official correspondence and all other papers which pass through the Office of the Queen's Advocate.
- The Interpreter translates documents written in the Malabar and Sinhalese languages, and enables the Queen's Advocate to communicate personally with the Natives in those languages.
- Carry letters and messages.

AMOUNT OF COIN IN CIRCULATION.

The quantity of Gold and Silver coins in circulation cannot be stated with any degree of accuracy.

The Banks are required to have a reserve of specie equal to one-third of the amount of Bank Notes in circulation. The declared average *Monthly* Circulation of Notes by the Banks has been about £245,751.; and the Treasurer has always found the reserve considerably to exceed the required one-third.

Gold (English) is imported by the Banks and Mercantile firms, but not to the extent of the Australian Sovereigns, of which considerable amounts are monthly imported to meet the demands for Southern India, and to profit by the generally favourable rates ruling in Ceylon for Bills on England.

The Silver Rupee coin in circulation is imported from Bombay and Calcutta, and a large portion of it again exported for Southern India, for the purchase of Rice, Cloths, &c. There has been no importation of British Silver by Government or the Banks for many years.

Improvements in Agriculture and Manufactures introduced this Year ...	Western Province ..	North-Western Province ..	Nil.
	Southern Province ..		English plough tried and considered a success, but too heavy for the light Cattle of the country. Some English reaping hooks also introduced and a scythe for reaping paddy, latter objected to, as taking off too much of the straw, making it difficult to tread the crop, and leaving the ground too bare for pasturage. Carolina paddy tried but failed.
	Eastern Province ..		Nil.
	Central Province ..		Nil.
	Northern Province		Cultivators collect the Sea weed and expose it in heaps to the weather both in Summer and Winter, and afterwards use it as manure for Paddy lands both by itself and with Cow dung.
Progress of any Improvements previously reported		...	Nil.

REMARKS ON SQUATTING.

By the Government Agent for the Western Province.

Squatting, as a practice, can scarcely be said to exist in the Western Province. In rare cases, traders have been found to occupy ground of very limited extent,—a few perches at the utmost on the road sides for their boutiques, under the temptation of being able to expose their goods for sale more advantageously in such situations; but these persons are easily induced to pay a moderate quit-rent for the ground they occupy, and since the facilities for survey have been provided, even to purchase them.

(Signed) C. P. LAYARD,
Government Agent.

By the Government Agent for the North-Western Province.

Nil.

By the Government Agent for the Southern Province.

No cases of squatting were reported in Galle. My Assistant at Mátara states that the ejectment of those who had taken summary possession as reported last year, led to very high prices being given for the boutique allotments recently surveyed and sold,—some realizing as high a rate as £285 per acre.

(Signed) P. W. CONOLLY,
for Government Agent.

By the Government Agent for the Eastern Province.

Trincomalee—Squatting as a practice is discouraged. No instances have been reported during the year, and the Headmen are instructed to exercise a strict surveillance.

Batticaloa.—No recent cases have been reported. This practice has been latterly looked after by the Headmen.

(Signed) A. B. MASON,
for Government Agent.

By the Government Agent for the Northern Province.

In the course of the many years during which the services of a Surveyor were refused to this Province, a number of small pieces of land adjoining to, and mingled with, the private lands of the villages, have been cleared, cultivated, and planted, which land it is now perfectly impossible to identify as ever having been Crown Land.

(Signed) H. S. O. RUSSELL,
Government Agent.

By the Government Agent for the Central Province.

Squatting on Crown Lands was at one time very prevalent in this Province, owing to the large influx of Sinhalese from the Maritime Districts, and of Malabars from the Continent of India, consequent on the extension of Coffee planting, and the inducements held out to these men, to settle in the vicinity of Estates in search of an honest livelihood, or, as is more frequently the case, for the purposes of dishonest gain. Every practicable method of putting a check on this practice has been resorted to during the last few years, and the most effectual mode has been found to be the survey and sale of small lots of land suitable for Natives. I am happy to be able to say, that by this means, and by the adoption of vigorous measures to eject squatters, the evil has been considerably diminished, and I do not despair of seeing it almost disappear by degrees.

(Signed) P. W. BRAYBROOKE,
Government Agent.

NORTH-WESTERN PROVINCE.

At *Kurunégala*, the gaol is in charge of a gaoler, and seven gaol guards; at *Puttalam*, in charge of a gaoler and two fixed gaol guards; but extra ones are employed when the number of prisoners in custody require greater vigilance. At *Chilaw*, in charge of a turnkey and five gaol guards; and at *Kalpitiya*, in charge of two gaol guards. The gaolers are appointed by the Governor, and the guards by the Fiscal. None of the officers reside in the gaol; the duty is however performed in rotation by the gaol guards. Matrons are employed over female prisoners, when there are any in custody; but there are no permanent female attendants.

SOUTHERN PROVINCE.

There is a gaoler in charge of each prison, and peons to assist him with the exception of that at Balapitiya which is in charge of a clerk and two peons. The gaolers are appointed by Governor, and the peons by Fiscal. The gaolers and few peons reside in the Galle, Matara, Tangalla and Hambantota gaols, but none in the Balapitiya gaol except a peon, when there are female prisoners matrons are hired.

EASTERN PROVINCE.

At Trincomalee.—Gaoler £50 by the Governor, six peons at £12 each by Fiscal.

At Batticaloa.—Gaoler £36 by the Governor, two peons at £12 each, by Deputy Fiscal.—In neither place do the gaolers reside in the gaol. When female prisoners are in custody, special female attendants are hired.

ANSWERS TO QUESTION IV.

WESTERN PROVINCE.

Welicada, Colombo.—The Prisoners are divided into 2 Classes; viz., those undergoing the 1st or separate stage of imprisonment termed the Penal class, and secondly the hard labor class. The cellular division in the south yard is appropriated to the former. The wards in the north yard to the latter, and a portion also as an hospital.

The boundary wall of the prison is now being extended, taking in an additional area of upwards of 4000 yards.

Hulfsdorp, Colombo.—Six large cells capable of containing fifteen prisoners in each, and thirty cells capable of containing three prisoners in each; two other larger rooms, intended for females, have been converted into a surgery and hospital. The debtors are confined in a separate building consisting of three large rooms. The prisoners are engaged on public works outside the walls during the day. The space for extending the building is very limited.

Pánaduré.—None.

Kalutara.—None.

Negombo.—The gaol is described in the answer to the first question. No day rooms nor work rooms. *The buildings can be advantageously extended.*

Arisávélla.—None.

Kégalla.—There are four wards or rooms used by prisoners. No airy yards or work rooms.

Ratnapura.—The gaol consists of eight rooms, which are thus appropriated: 1 for Criminals, 1 for Hospital, 1 for Debtors, 1 or 2 if required for untried prisoners, 1 for Female prisoners, and 1 by Turnkey and Peon. No special Classification can be observed.

NORTH-WESTERN PROVINCE.

The gaols do not admit of classification. The gaol at Kurunégala consists of four rooms; Nos. 1, 2, and 3 are used for prisoners under sentence; further examination; awaiting trial and for debts, &c. No. 4 is used as a room for the sick. The female prisoners are confined in the temporary room built in the yard.

The gaol at *Chitaw* has two rooms, affording accommodation for about twenty men in each. Two cells capable of containing four men, and a small room intended for four female prisoners.

The *Puttalam* gaol has three rooms; one large enough to hold twelve men, and two small rooms each to hold two.

The *Kalpitiya* gaol consists of two rooms; one is used for female prisoners, and the other for male prisoners.

SOUTHERN PROVINCE.

At Galle the main building may be considered as divided into five classes, the back of it into 3 divisions, each consisting of two general cells; one occupied by Female prisoners, one used as a Hospital, and the other for the Civil prisoners, and a detached room from the cells, for Native criminal prisoners and prisoners for trial, &c., and a work shed in the middle.

The *Matara* gaol has three spacious wards used as sleeping apartments, with two detached rooms which serve as hospital.

The *Tangalla* gaol has no classification except that of keeping those for further examination distinct and apart from prisoners committed to hard labour and a room kept exclusively for female prisoners. There is a square piece of airing ground. The rooms having been now divided into several compartments would admit of further classification.

The *Hambantota* gaol has eight wards, one of which is used as Hospital; a guard room and one yard. These cannot be extended.

The *Balapitiya* gaol has two rooms for prisoners, and one for guard.

EASTERN PROVINCE.

It is quite impossible in the present Gaols to classify the prisoners. The site of the Trincomalee Gaol will not admit of any improvement.—That of Batticaloa can be used for a new Gaol. There are four rooms in the Trincomalee and six in Batticaloa gaol.

NORTHERN PROVINCE.

Jaffna.—Supreme Court prisoners; District and Police Court prisoners; Prisoners for further examination; prisoners for trial; Burgher debtors and Native debtors, are kept apart as much as practicable. Female prisoners are confined by themselves in a separate building.

Mannár.—Classes, &c., none; airing yards four, on the back and front of the rooms. They cannot be extended or increased without encroaching on the ground forming the centre of the Fort.

Mullaittivu.—None.

Anaradhapura.—None.

CENTRAL PROVINCE.

Kandy.—The ward marked No. 1 is used for the confinement of the first class, No. 2 second class, No. 3 third class convicts, No. 4 turnkey's office, No. 5 guard room, No. 6 simple imprisonment, No. 7 Europeans and Burghers, Nos. 8 and 9 gaoler's office and store room, No. 10 further examination prisoners, Nos. 11, 12, and 13 condemned cells, No. 14 surgery, No. 15 female prisoners, No. 16 store and lumber room, No. 17 kitchen, No. 18 godown, Nos. 19 and 20 civil debtors, Nos. 21 and 22 prisoners awaiting trial, No. 23 work shed, Nos. 24 and 25, privies for males and females, No. 26 dead house, No. 27 hospital.

Badulla.—Five wards; two of which are used for convicts, one for accused under examination, one for female and one for sick prisoners. There are no day rooms or work rooms. The gaol stands in an open space of ground unprotected by walls. There is ample space for large airing yards.

Mátalé.—The gaol is simply a lock-up house, consisting of three small rooms; and the space enclosed is so confined that the buildings are scarcely capable of extension. (See Answer No. I.) A female ward is much required, as also other additional wards, and a residence for the turnkey; but there is not space within the walls, and the yard must therefore be greatly enlarged.

Nuwara Eliya.—A lock-up house consisting simply of three rooms, which might easily be extended.

ANSWERS TO QUESTION XXII.

WESTERN PROVINCE.

Wellicadde, Colombo.—Little or no change has taken place in the arrangements, or working, and economy of the Gaol since last return. The discipline under the system of 1867 has been successfully maintained with credit to the Superintendent and subordinate Officers. The proposed enlargement of the Gaol has not proceeded rapidly, at present, the only addition estimated for is the building of twenty new cells to form a part of an incomplete wing. The necessity for additional association wards is very much felt. Were it not for the large amount of ventilation which an unceiled tiled roof affords there can be little reason to doubt that the health of the prisoners would suffer much, and were an epidemic to show itself, evil consequences might be anticipated. The sanitary state of the Gaol was never before in any year so good, and with a larger daily average of prisoners the per centage of deaths went down to 7.75 from 17.27, and 16.33 in 1866—67 respectively. The accommodation for female prisoners, all of whom in Colombo are sent to this prison is altogether insufficient and bad.

Hulfsdorp, Colombo.—No change has been made in the internal arrangements of the prison since last report. In addition to the Judges of the Supreme Court, who generally visit the Gaol at the close of each Session and the Fiscal, it is inspected from time to time at uncertain periods by the Inspector General of Prisons. The Superintendent of Welikada Gaol also still continues to superintend it, attending for the purpose almost daily and with advantage to the working of the prison. It is very desirable that some means should be afforded by which Officers of the Gaol should be resident there, or in its immediate vicinity, and this could be done at small expense to Government by the erection of a row of houses on the Government ground fronting the Gaol and would if they were given rent free supplement the present very small pay of the Officers to an appreciable extent. The carrying of Pingos has been sanctioned by Government having been introduced in the absence of remunerative labour to occupy some of the time not passed by the prisoners at shot drill. The efficacy of such punishment may be doubted, or indeed of any at which the time and strength of men are devoted to what in itself is useless, but it seems preferable to allowing the prisoners to loiter away the hours in their cellular wards, where from three to five of them are confined.

Panaduré.—None.

Kalutara.—None.

Negombo.—There being only two cells, it is desirable that the gaol should be enlarged so as to have separate apartments for the sick, and females, and to admit of sufficient accommodation for the officers to reside in it.

Arisáwella.—None.

Kégalla.—None.

Ratnapura.—An estimate has been sanctioned for placing the Gaol in better condition than it is at present.

NORTH-WESTERN PROVINCE.—None.

SOUTHERN PROVINCE.

Not any of the Gaols in this Province are adapted to carry out the new system of penal diet and discipline.

EASTERN PROVINCE.

It is most essential to commence a new Gaol at Batticaloa at once, and at Trincomalee as soon as possible.

NORTHERN PROVINCE.—None.

CENTRAL PROVINCE.

Kandy.—None.

Badulla.—Frequent representations have been made of the condition of the Gaol. It is damp, ill ventilated, and insecure. The site is a good one, and if a suitable plan were sanctioned, a good wall ought to be at once built round the premises leaving the construction of the buildings within to follow.

Mátalé.—The size of the gaol is totally disproportionate to the local wants of the place.

Nuwara Eliya.—During the year five prisoners made their escape from the Gaol. Only two were apprehended since.
